## Financial and Valuation Modeling Boot Camp

September 23 - 24, 2010 • 9am - 5pm

Sheraton Downtown Orlando  
400 West Livingston Street • Orlando, FL 32801

Register online under *Live Seminars* at:  
**[wallstreetprep.com](http://wallstreetprep.com)**

Learn Financial Modeling and DCF Modeling in Excel from scratch using intuitive, step-by-step instruction and model templates the way it is actually performed in practice.

### Day 1: Financial Modeling in Excel

- Build a fully integrated, circular financial statement projection model from scratch
- Project out each of the three financial statements by learning how to select, locate, and develop appropriate projection drivers
- Build data tables for sensitivity analysis of projected financial metrics
- Learn Excel mechanics and best practices
- Includes reusable, modifiable financial statement model templates

### Day 2: Valuation and DCF Modeling

- Learn to build comprehensive Discounted Cash Flow (DCF) models from scratch, using real case studies, industry best practices, and sensitivity analyses
- Includes reusable, modifiable Excel DCF model templates
- Learn valuation modeling best practices

Attendance is \$400 per day

Please register with discount code: [cfaorlando](#)

- 8 C.E. credits per day for CPAs
- Attend both days to receive *Trading and Transactions Comps Modeling* for FREE (a \$169 value)
