America's Resurgent Manufacturing Competitiveness

Rob Newbold
Managing Principal
Graham Partners

Taken alone, U.S. manufacturing would be the world's 8th largest economy, contributing over \$2 trillion to the economy, and providing 12 million jobs in the U.S.

AM&AA invites you to join us to learn how investors are finding success with manufacturing businesses that can make the most of U.S. innovation -- as well as industrial services companies that focus on implementation.

Rob Newbold, Managing Principal, Graham Partners will discuss his perspective on the current M&A investment environment and the opportunities for the most rewarding deals.

REGISTER by Monday, April 27 at 5pm EDT!

Thank you to our meeting sponsors:
