---

### **SPEAKER**

**David Kennedy**

**Managing Director at Aspire Ventures, LLC**

Aspire Ventures, LLC is a tech-centered venture capital firm focused on impact investments. Aspire, based in Lancaster, PA, invests private capital, resources and technology primarily to ventures that are focused on key areas of basic human needs, such as food, water, healthcare and education. Despite the size and resiliency of these sectors, innovation has been slower than in other less critical areas, and the opportunities for growth and meaningful impact are great. Aspire's disciplined approach to identifying, selecting, providing resources for, and accelerating the growth of its portfolio companies is unique, and is drawing the attention and interest of other VCs and startups worldwide.
